## On our own behalf: Generation change at artax

Dr. iur. Bernhard Madörin retires from the company management for his well-deserved retirement

Dear Sir or Madam

After a long and very interesting process for everyone involved, we are pleased to inform you that the management and ownership of artax Fide Consult AG is passing into new hands as part of an internal company succession.

Dr. iur. Bernhard Madörin has handed over the company to his long-standing co-partners Francine Fimbel, Urs Fischer, Fabian Egger and Patrizia Kaufhold, with the aim of ensuring the long-term continuation of the business with proven quality and a fresh perspective.

Bernhard Madörin comments: *«Many thanks to all business partners, customers and friends of artax for your trust and support. I am delighted that we have been able to realize an internal succession solution with my proven team and thus preserve the tradition of artax. Now that I know that artax Fide Consult AG is in good hands, I am very much looking forward to being able to devote myself fully to my new, numerous private projects. You will certainly continue to hear from me».*

For you as clients, business partners and friends of our company, our values, our quality standards and our commitment to you remain unchanged. At the same time, we look forward to leading the company into a successful future with new impetus. Bernhard Madörin will remain with artax on a small scale - he will continue to look after selected clients in the area of his executive mandates for the time being, and will remain available to us as an experienced Of Counsel where required.

We would like to thank Bernhard Madörin most sincerely for the trust he has placed in us to hand over his company, which he has built up with innovation and passion and managed with many years of commitment.

We would also like to thank you for your continued trust and look forward to working with you in the future.

With best regards
